

The Little Budgerigar

I am a little budgerigar (flap arms)
With a big tummy ache, (rub belly in a circular motion)
Because the people that I live with (outline a house with fingers)
Are so stingy (hand out food)
They feed me hearing everyday (make fish movement with hands)
And I don't like that no way (shake head from side to side)
Yes I'd rather yes I'd rather (nod head)
Coca-cola (drink from bottle) And ice cream (eat ice cream with hands)

Different verses: American budgie (actions same but super size and exaggerated) French budgie (same but very small) German budgie (same but rigid and precise) Kerry (wrong actions)
